February 2021

Notice to all Plan Members – Coronavirus - COVID-19 – Information

As we head into March, we can all appreciate the tough and challenging times that are hopefully in our rear-view mirror as we approach spring.

We can absolutely agree, we all take the necessary precautions to ensure we are protecting our health and that of others. We would continue to encourage you to be proactive to ensure you remain healthy as we are almost at the finish line.

If you have been diagnosed with the COVID-19 virus, please ensure you reach out to the Plan office so we may assist you with your disability claim.

Please remember this is a virus which we are all exposed to. We all have a role to play but more importantly, we need to show signs of respect and support especially for those who have acquired the virus.

As always, the Plan office is here to answer any questions regarding your benefits and would encourage you to contact our office directly.

Sincerely,

Kelly Nicholson
Plan Administrator
